

Mallick-Goldstein.
The marriage of Miss Mallick, daughter of Mrs. J. H. Mallick, and Joseph Goldstein, son of Mr. and Mrs. Morris I. Goldstein of Pittsburgh, was celebrated last evening at 8 o'clock in the bride's home in Sycamore street. Rabbi Lind of Beth Jacob synagogue, Pittsburgh, officiated, the ceremony being performed before an "embankment" of palms, roses, sweetpeas and ferns. The guest list included members of the two families and a few intimate friends. The bride was given in marriage by her father. She wore her traveling suit of dark blue cloth with hat to match and a corsage of lilies of the valley. There were no attendants. The service was followed by a charmingly appointed wedding dinner. Covers were laid for seven at the bride's table which was centered with a mound of pink roses, sweetpeas and asparagus. The other guests were seated at a U-shaped table. Gladness formed the attractive centerpiece. The bride attended the Connelville high school and is very popular among her many friends. On their return from an extended wedding trip to the west, Mr. and Mrs. Goldstein will be at home in Pittsburgh where the former is engaged in business. Among the out of town guests at the wedding were Mr. and Mrs. I. K. Rogow, Mr. and Mrs. Joseph Rogow and Max Rogow of Pittsburgh and Mrs. David Gelsky of Youngstown, O.

Breakfast in the Woods.
The Baraca class of the First Baptist church breakfasted in the woods at Reidsville yesterday morning at 8 o'clock. W. C. Percy, Emerson Stillwagon, Ward Ringler and Roger Marietta, the committee in charge, went to the woods at an earlier hour and prepared ham, bacon, eggs, rolls and coffee for 50 men. Rev. E. H. Stevens addressed the class, his subject being "The Right Recreation for Men."

Celebrates Birthday.
Mrs. Presley Smith was hostess at a charmingly appointed dinner Friday afternoon at her home in Highland avenue in honor of the 70th birthday anniversary of her mother-in-law, Mrs. Mary E. Smith. Covers for 10, the guests, including neighbors and friends of Mrs. Smith, were laid. A color scheme of pink and white was prettily carried out. Following the dinner the afternoon was spent at fancywork, music and relating pleasant reminiscences. Mrs. Smith was the recipient of many pretty gifts in remembrance of the happy occasion.

G. A. R. Circle to Meet.
The regular meeting of the Ladies' Circle No. 100 to the William F. Curtis Post No. 104, Grand Army of the Republic will be held Thursday afternoon in Odd Fellows hall. Plans for Memorial Day services will be discussed.

Presbyterian Meetings.
The Deborah Bible class of the First Presbyterian church will meet this evening at 7:30 o'clock at the home of Mrs. Sadie McDonald, 610 East Murphy avenue. The Woman's Missionary society will meet Wednesday afternoon at 2:30 o'clock in the church. Miss Sarah McBride, a missionary from India, will speak.

Lutheran Meetings.
The regular meeting of the Woman's Missionary society of the Trinity Lutheran church will be held on Thursday afternoon at 2:30 o'clock in the church instead of the home of Mrs. Lydia Percy. There will be no meeting of the church council this week.

M. E. Meetings.
The Queen Esther circle of the First Methodist Episcopal church will meet tonight at 7:45 o'clock at the church parsonage. The J. O. C. class will meet tomorrow night at the home of Miss Edna Cook, 208 East South avenue. The committee is composed of Mrs. Morris Custer, Mrs. E. A. Giffelty, Mrs. Beane Gallagher, Mrs. G. L. Owey, Miss Rose Leach and Miss Martha Mitchell. The Carrie Keyton auxiliary will meet Thursday evening at 8 o'clock at the home of Miss Helen and Lulu Carroll in South Prospect street.

G. L. A. to Meet.
The Grand International auxiliary to the B. of L. E. will meet Wednesday afternoon in Odd Fellows hall.

Annual Banquet.
Plans have been completed for the annual Mothers and Daughters banquet to be held tomorrow evening at 7 o'clock in the Methodist Protestant church. The menu of the church, with Dr. G. W. Gallagher in charge, will serve. S. T. Bedford will preside in

the kitchen. Mrs. J. H. Lamberston will be toastmistress. A program of musical and literary selections will be rendered.

Daughters of Ruth Friday.
The meeting of the Daughters of Ruth Bible class of Trinity Lutheran Sunday school, announced for Tuesday evening, will be held Friday evening instead at the home of Mrs. S. L. Baisley, 410 East Cedar avenue, with Misses Mary and Elizabeth Ankeny as hostesses.

May Hyatt.
A pretty home wedding was that of Miss Marie May, daughter of Mr. and Mrs. J. C. May of Mill Run, and Ralph W. Hyatt, son of Mr. and Mrs. Jesse Hyatt of Connelville, solemnized Sunday afternoon at 1:30 o'clock in the bride's home. This wedding was the culmination of a romance which began when Mr. Hyatt and his bride were but 10 years of age. Rev. J. T. Kelly of Mill Run officiated, using the ring service. The bride wore a gown of white crepe de chine and gorgeous ermine. Sweetpeas formed her bridal bouquet. The ceremony was followed by a charmingly appointed dinner, at which a color scheme of pink and white was effectively carried out. Pink and white roses were used in decorating. Only the immediate members of the two families were present. The bride is one of the most popular young ladies of Mill Run and has friends in Connelville. Her father is a business man of Mill Run. The bridegroom is widely and favorably known. Mr. and Mrs. Hyatt left for a honeymoon trip to eastern points of interest.

Thrifty and Economical

HERE are three thrifty, economical features that are intended to give you complete protection as well as "ease of mind." The thought behind the first is that if a Club Member lives he will experience no hardship in making his payments, as he is given three full years in which to make them. But should he die, in the meantime, it might be a great inconvenience to his family to continue them.

We, therefore, step in and assume this risk and make it one of the written conditions of this Thrift Club that, in such an event, "all remaining payments will be cancelled; that no further payments need be made."

There is a provision attached to this great safeguard and that is that the Club Member's payment shall have been kept up to date at the time of his death, which is only fair and reasonable.

The thought behind the second feature is that the Club Member shall not be put to additional expense to keep his instrument insured against fire while he is paying for it and that he cannot lose investment should his piano happen to burn after he has started to make his payments,

What the Three Insurance Features Mean to Those Who Join the FREDERICK THRIFT CLUB

When we decided to organize this Thrift Club, we were determined that it should be everything that the word "Thrift" implied; that it should represent savings and economics, and safeguard its members in every way we could devise.

Hence, we included three features which we designate as insurance features:

The First, is a feature which partakes of the principle of life insurance. The benefit of this feature is that should a Club Member die after six months and before all his payments have been made, the remaining payments shall be cancelled and a receipt in full turned over to his estate, provided only that his account has been previously paid as agreed.

The Second, is a feature providing that, in case of loss or damage by fire of an instrument upon which a Thrift Club Member is making payments, we will restore it to its original condition or replace it without charge.

The Third, is an agreement which provides that, in case a club member cannot make his regular payments because of sickness, injury or loss of employment, half-payments will be accepted for as long a period as he has previously made full or regular payments.

whether he has made only one or whether his instrument is practically paid for.

The third so-called "insurance" feature is a most helpful assistance, as it provides for half-payments in event of sickness, injury or loss of employment. This invaluable feature works this way: Suppose you have paid 12 monthly payments of \$15.00 per month on one of the instruments you have purchased through the Thrift Club; and were to become sick or injured or lose your position; under your agreement you would automatically become eligible for half-payments of \$7.50 a month for the next 12 months. If you should wish to avail yourself of this privilege.

With these three features fixed in mind, we ask you—"Isn't it comforting and reassuring to know that you can purchase and own a good, standard, high-grade piano, player-piano or Baby Grand under conditions like these in which you are so thoroughly protected?"

This is the whole whole intent of this Thrift Club idea—to make it an occasion of thrift, economics and safeguard as applied to purchasing and owning pianos.

TALK ON TITHING AT M. E. CHURCH

Method of Giving Urged by William Price, Pittsburg Banker; Mothers' Day Observed in the Churches; W. C. T. U. Meeting Tuesday Night.

Special to The Courier.
SCOTSDALE, May 9.—On Friday evening when the 5:25 o'clock main line West Penn car from Uniontown to Greensburg by way of Altoona was going up Loucks avenue the year-and-half-old daughter of Mr. and Mrs. James Lewis got in front of the car and was struck and dragged a short distance. The child escaped with a few cuts and bruises.

Things Urged on Methodists.
William Price of Pittsburg yesterday morning spoke in the Methodist Episcopal church, using as his subject "My Partner and I." Mr. Price spoke in harmony with the foreign mission annual thank-offering service. The general trend of the talk was on tithing. Mr. Price is president of the District National bank of Pittsburg and travels over the Pittsburg conference at his own expense where he can be of service to congregations.

In the Methodist Episcopal Sunday school, Mothers' Day was observed with a special program of recitations and music and closed with the men singing "Faith of Our Mothers."

Mothers' Day Service.
Many gathered at the United Brethren church last evening to hear the captain, "Mother of the Bible." Next Sunday Mothers' Day will be observed. Every person in the church is being urged to wear a pansy in honor of mother.

W. C. T. U. Meeting.
Mrs. Kate Livengood of Pittsburg will be the hostess to the W. C. T. U. Tuesday evening. The meeting will begin promptly at 7:30 o'clock so that those persons wishing to attend the Monday Musical club entertainment may do so.

Annual Spring Concert.
The Musical club of Scottdale will on Tuesday evening give its annual May concert in the United Brethren church to begin at 8:15 o'clock. No admission will be charged. The following program will be rendered: Trio, violin and piano, Mrs. Grantham, Miss Kretschgau and Mrs. Stone; vocal duet, Mrs. Kelly and Mrs. Dawson; organ and piano, Miss Keck and Mrs. Buck; vocal solo, Mrs. Breckman and chorus; chorus; piano solo, Mrs. Shallow; vocal solo, Mrs. Buck; organ solo, Miss Keck; trio, violin and piano, Mrs. Grantham, Miss Kretschgau and Mrs. Stone, and chorus. The chorus will be under the direction of Prof. E. D. Fuller.

Sermon by Pythians.
On Sunday, May 22, the annual sermon will be preached to the Knights of Pythias at the United Brethren church by Rev. G. R. Strayer, the pastor.

Centenary Pictures.
On Wednesday evening during the prayer service hour at the Methodist Episcopal church pictures of the centenary movement will be shown, dealing with missionary work among the Indians of the Southwest.

New Process Gas Ranges are Highly
Endorsed by Thousands of Satisfied
Users Everywhere

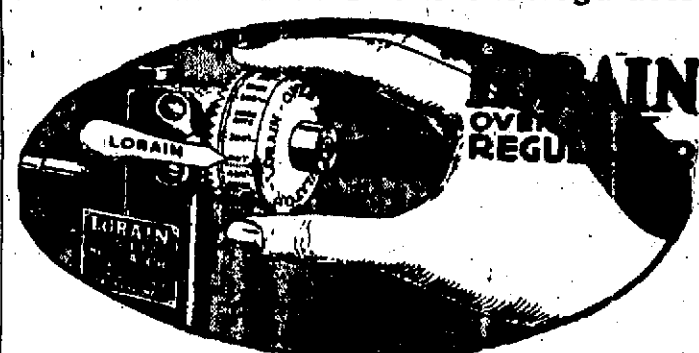

New Process Gas Ranges are made from the highest grade materials—sturdily built to give a lifetime of service and complete satisfaction.

New Process cooking burners are so constructed as to give the maximum amount of heat with the least possible gas consumption—insuring utmost economy of operation. They give a most satisfactory service under all conditions of gas pressure.

As a baker—the New Process is in a class all by itself—captured the Grand Prize at the San Francisco Exposition.

And with a New Process in your Home you, too, can enjoy cool kitchen comfort this Summer—instead of "roasting" over a hot coal fire preparing meals or doing your baking.

Be Sure to See that "Automatic Chef"—
the Famous Lorain Oven Heat Regulator

Make it a point to come in at least one of the days of this Demonstration and have Mr. Thurber—the Special Factory Representative—explain the Lorain Oven Heat Regulator to you fully.

See for yourself how simple it is to operate—how one easy turn of the wheel on your gas range makes your every baking as successful as your best one.

See how this wonderful device will take the guesswork out of cooking and baking—how with it, you can measure your oven heat as easily and accurately as you can measure the milk or flour that goes into your baking.

Learn how this "Magic Chef" will cut your bonds of "kitchen slavery"—enable you to go and enjoy the great out-doors or do your shopping—and dinner will be ready when you return.

And the beauty of it all—your meals will be better prepared and even tastier than if you had been watching over them all afternoon.

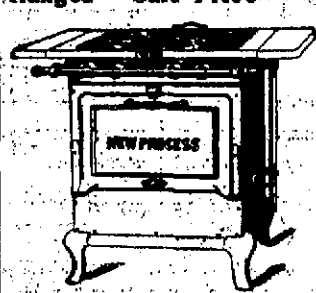

Sounds nearly too good to be true—but nevertheless that's exactly what this "Magic Chef" will do for you.

LITTLE CHANGE IN COKE, BUT COAL IS GAINING SLOWLY

Net Loss of Former 1,000-Tons While the Latter Shows Increase of Close to 800,000 Tons.

Production of beehive coke in the United States during the week ended April 23 was marked by very little change, says the United States Geological Survey, the total output being 75,000 net tons, as against 74,000 tons in the week preceding. The decrease in Pennsylvania, Ohio and West Virginia more than offset the gains in other regions. Production by states, compared

with the corresponding week of 1920, was as follows:

	1921	1920
Pennsylvania and Ohio	49,000	235,000
West Virginia	4,000	30,000
Alabama, Tennessee and Georgia	7,000	45,000
Virginia and Kentucky	9,000	30,000
Colorado, Oklahoma and New Mexico	2,000	6,000
Washington and Utah	2,000	4,000
U. S. Total	75,000	341,000

Production of soft coal continued the recovery begun during the week preceding. The total output, including lignite and coal coked, is estimated at 5,829,000 net tons. When compared with the preceding week this was an increase of 294,000 tons, in spite of the increase, production is still at the lowest rate (calculated since the depression of 1914, except of

course, for the period of the great strike of 1915).

Production during the first 26 working days of the past five years has been as follows, in net tons:

	1917	1918	1919	1920	1921
Alabama	168,192,000	168,192,000	168,192,000	168,192,000	168,192,000
Colorado	130,227,000	130,227,000	130,227,000	130,227,000	130,227,000
Georgia	162,674,000	162,674,000	162,674,000	162,674,000	162,674,000
Kentucky	122,107,000	122,107,000	122,107,000	122,107,000	122,107,000

BROWNSVILLE COAL MAN HELD AFTER HIS CAR KILLS CHILD

Thomas Elliott, Driver, Said to Have Been Intoxicated; Charge of Murder Against Him.

Thomas Elliott, Brownsville coal operator, was arrested and placed in jail in Uniontown Sunday afternoon on a charge of murder after his automobile had run down and killed Florence E. Foster, five years old, daughter of Mr. and Mrs. Benjamin T. Foster of South Brownsville. Elliott is alleged to have been intoxicated at the time of the accident. John Machuga, three years old, of

Wynn, was run down and fatally injured Sunday afternoon on the highway near Wynn works by a car driven by Russell J. Miller, of Ralph works. Miller surrendered himself to the police and after confining the authorities of his innocence he was released.

John Smith, 18 years old, of Fairmont, W. Va., is at the Uniontown hospital with five broken ribs as the result of being thrown from a motor car near Leisnering. The driver of the car lost control when Smith attempted to grasp the steering wheel. It is said.

FOUR GAMES IN FRICK LEAGUE FOR TOMORROW

Four games are scheduled for tomorrow evening in the H. C. Frick baseball league. Elmer will play at Leisnering No. 2; Leisnering No. 1 will go to Youngstown; Leisnering No. 3 will play at Davidson; and Trotter will be at Phillips.

The league has been unable to get away to a good start because of the wet weather prevailing for the past two weeks but the games which have not been played will be run in on other dates.

The Connellsville Tennis association will meet tonight in the rooms of the Unity Fraternity, 132 North Pittsburgh street. There will be considerable business to bring before the club.

The West Side Tigers won their second game this year when the Water Street Sluggers were the victims on Saturday. The score was 9-7. Costello of the West Side had 11 strikeouts.

Track activity in the high school will pick up also now that the weather seems to have cleared. Although the running teams had been organized some time ago the coaches were unable to get outdoors. An interclass meet will be held when the runners are in shape.

The church league representatives will meet at the Baltimore & Ohio Y. M. C. A. tonight. The fate of the proposition will probably be decided this evening.

A few tennis bugs managed to squeeze in a few sets between showers Friday evening. Aside from those few games there has not been a play on the grounds for two whole weeks.

The Pirates struck a snag in Cincinnati yesterday and as the result of a pitchers' duel between Adams and Rixey, lost by a 1-0 score. It was the first defeat in nine for the Gibeonsites. Cincinnati got its winning run in the ninth inning, after one man had been retired.

The Pirates go east for two weeks in which time 15 games will be played, two series being with New York and Brooklyn, the remainder in the National league, and the result of this journey may either make or break the Pirates. If they continue winning it will be a hard matter to oust them from the leading position. If they lose, however, it will make the race a little tighter.

It will not be long until May 21, when we shall see our own independents going into action.

Money Is Energy

THE money you earn represents time and effort. Extravagance in spending it means wasted energy. Thrift has a double benefit. It conserves both money and effort.

Many people reach advanced years with nothing to show for a life time of work, simply because they have not learned the importance of Thrift.

Don't let your effort go for nothing. Put aside regularly a part of the money you earn and build for the future.

The Fordson saves from thirty to fifty per cent of the farmer's time.

The Fordson plows, harrows, drills as much ground in the same time as from four to six horses. (Many farmers say it does the work of eight horses.)

The Fordson does for the farmer just what machine power does for the manufacturer—it enables him to manufacture his product at less cost. And that is what the farmer wants to do, grow his crops more cheaply and make his margin of profit greater. And the Fordson will help him do it.

Let us prove this to you by a demonstration on your own farm. Just phone us or drop us a card.
